

Individual Student Report

Dear Parents/Guardians,

The Individual Student Report includes results from the Oregon Statewide Assessment, which reflect Oregon's rigorous academic standards.

Students receive an overall score and may receive scores within a claim or area. These results provide information about where your student is performing on grade level standards, and/or expectations, and skills. A student's overall score and corresponding achievement levels are displayed in the line graph.

Oregon teachers and administrators have worked to implement more challenging, relevant, and engaging English and math standards in every K-12 classroom.

These standards identify what students should know or be able to do to graduate high school on a path ready for college and career.

If you have questions about these results or how to best support your child, please contact your child's school.
